SPRING 2024

“Exploring Gender Bias in Scientific Publishing  
using the Altmetric Attention Score”

## Dr. Michael Kantar

Associate Professor  
Tropical Plant & Soil Sciences  
University of Hawaii

Michael Kantar is currently an associate professor at the University of Hawai'i at Manoa, he received his PhD in Plant Breeding and Genetics from the University of Minnesota and did a post-doc at the University of British Columbia. His research focuses on Neo-domestication, crop wild relatives, Food Security, Agroecology and the genetic basis of local adaptation. He was a 2018 AAAS Leshner Leadership Institute Public Engagement Fellow. Following this work he became very involved in both Science-Art Partnerships and understanding the way science reaches the general public. This work led to the exploration of bias in scientific publishing and also understanding citation kinetics.
