

Entry Level Landscape Designer Job Posting

Teska is seeking a motivated, young professional with a passion for landscape architecture to join our design studio. Applicants should be self-starters, ambitious, want to learn and refine skills, and have a degree in Landscape Architecture or related field to thrive in this entry level designer position.

As a team member, you'll work closely with project partners and our in-house team of landscape architects and community planners to visualize and guide implementation of various projects. Primary focus areas include site planning, land planning, urban design, landscape design and planting plans for all scales and phases of design, from concept planning to construction documentation and oversight. See additional details and requirements below:

Responsibilities of the position include:

- Conduct site analysis and research to inform design decisions
- Assist in development of concepts and site designs under guidance of senior LAs
- Produce illustrations/exhibits pertaining to landscape architecture, site/land planning
- Collaborate with multidisciplinary teams to integrate landscape design with architecture, engineering, and environmental considerations
- Participate in client meetings, presentations, and project discussions
- Prepare planting plans, including species selection, layout, and specifications
- Assist in preparation of construction documents; support during administration phase
- Stay up-to-date on industry trends, best practices, and sustainable design principles
- Accredited Landscape Architecture Degree, and some prior relevant work / office experience is a plus

We are looking for candidates with skills such as the following:

- Hand-graphic skills, including plan graphics, sketching, and charrette style graphics
- AutoCAD, Land FX, Drafting and Graphic Production
- Adobe Suite (InDesign, Illustrator, Photoshop)
- Sketchup 3D Modeling Software

Teska Associates is an urban planning and landscape architecture firm with offices in Evanston and Plainfield. Visit www.teskaassociates.com for more information. Recent relevant projects include: [King Bruwaert house](#), [Oak Trace Senior Living](#), [Lake Country Village Planned Community](#), [Westleigh Farms](#), [Sterling Place](#), [Parkside at Glenview](#), [Fountain Square](#), [Wilmette Streetscape](#), [Wilmette Library](#), [Skate Park](#), and [Lincoln Square](#).

The position is designed to be primarily in-person in order to gain the breadth of the work of the firm and to take advantage of our collaborative approach. Our Evanston office is located two blocks from the CTA and Metra Davis Street Stations.
